45 Years Before the Public. THE CENUINE DR. C. McLANE'S CELEBRATED

LIVER PILLS, FOR THE CURE OF Hepatitis, or Liver Complaint, TIVSPEINTS AND SICK READSCH

Symptoms of a Diseased Liver.

DAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaker for rheumatism in the arm. The tomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful senory, accompanies with a paintit sen-sation of having left undone some-thing which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them ex isted, yet examination of the body, after death, has shown the LIVER to

have been extensively deranged. AGUE AND FEVER. DR. C. McLane's Liver Pills, in CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

For all billous derangements, and as simple purgative, they are unequaled.
